Secure Monitor

The diagram illustrates a dual-world architecture. It is divided into two main vertical sections: the Non-Secure World on the left and the Secure World on the right. The Non-Secure World contains two stacked boxes: 'Non-Secure Apps' on top and 'Non-Secure OS' on the bottom. The Secure World contains two stacked boxes: 'Secure Apps' on top and 'Secure OS' on the bottom. At the base of the diagram is a wide box labeled 'Secure Monitor'. Two thick gray arrows point upwards from the 'Secure Monitor' box: one points to the 'Non-Secure OS' box, and the other points to the 'Secure OS' box. A vertical gray line separates the two worlds, and a horizontal gray line runs behind the 'Non-Secure OS' and 'Secure OS' boxes, connecting them to the 'Secure Monitor'.
